

The cover features a vibrant, cartoonish summer scene. At the top left is a smiling sun with sunglasses. The background is a bright blue sky with white clouds and four birds flying. The central text is set against a white rectangular background. On the left and right sides are palm trees with green coconuts. At the bottom left is a red and white lifebuoy, and at the bottom right is a green tropical drink in a coconut shell with a yellow flower and a straw. The overall theme is a fun, tropical summer holiday.

# HOW DO YOU MAKE A PENCIL HOLDER CRAFT WITH PAPER TUBES?

The base of the worm's body will be made using toilet paper tubes. You will be using 4 tubes. Measure and cut four green pieces of construction paper so they cover the tubes.

Glue the construction paper on to the toilet paper tube.

Glue the construction paper on to the toilet paper tube.

Hold closed for a few seconds so the glue sets a bit.

Trace 4 circles onto green construction paper using the tube as a template.

Cut out the circles.

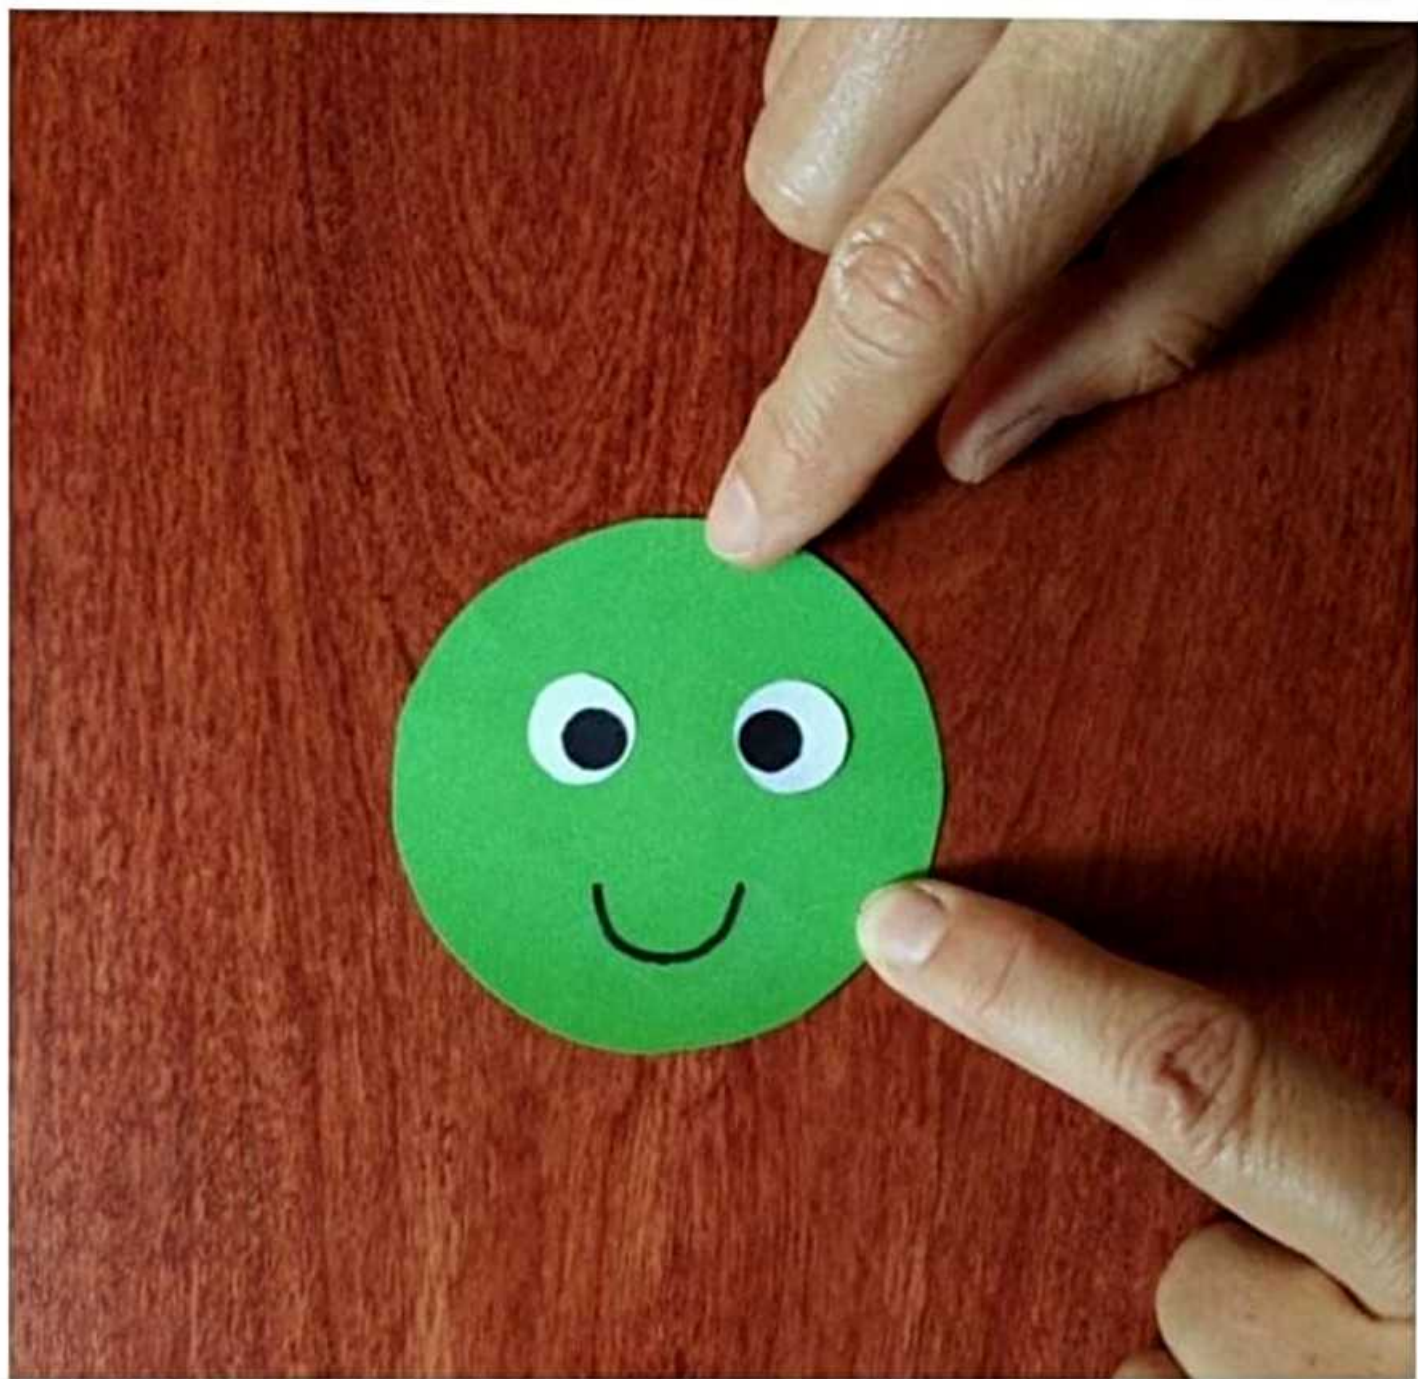

Glue the circles to the bottom of the four toilet paper rolls.

Cut a larger circle for the worm's face and draw a smile using a black marker. Cut out two eyes from white paper and glue those on. Draw black pupils on the white eyes using a black marker.

Cut two yellow paper strips for the antennae and roll them up with a scissor. Glue them to the back of the worm's face.

Use a hole punch to punch holes out of yellow construction paper. Glue them to the body of the worm to give him a little extra personality.

Now this worm pencil holder is ready to help your child stay organized!
